

## MEDIA RELEASE

# Inpeco and Siemens Healthineers Expanding Market Reach to Further Advance Healthcare

Delivering leading-edge automated workflow solutions for clinical laboratories that streamline operations and improve patient outcomes worldwide

**Novazzano, Switzerland, May 15, 2023**

Siemens Healthineers and Inpeco have reached an agreement aimed at continuing their relationship while expanding their market reach and providing better patient outcomes.

Siemens Healthineers will continue to distribute Inpeco's current and future total lab automation (TLA) portfolio, while Inpeco will also distribute its FlexLab™ automation portfolio through other channels worldwide.

The contract also enables both companies to continue their joint provision of Total Laboratory Automation solutions, which integrate automation, IT, and clinical analyzers to help IVD customers achieve their clinical and operational goals.

By combining Inpeco's advanced FlexLab™ automation solutions with Siemens Healthineers' Atellica® product line and leveraging their combined clinical and service expertise, the companies are well positioned to remain at the forefront of clinical and workflow solutions in labs around the world.

### About Inpeco

Inpeco is the global leader in Total Laboratory Automation. The company's game-changing solutions combine open connectivity with full sample traceability to deliver secure test results and increased productivity to clinical laboratories around the world. To date, more than 2500 Inpeco systems have been shipped to over 70 countries. The Group is headquartered in Novazzano, Switzerland, and operates a development and manufacturing facility in the Piedmont region, Italy, as well as sales and service offices in Europe and the U.S.
